

Bodyguards® Blue Nitrile GL890

A soft and flexible nitrile disposable glove

Bodyguards® Blue Nitrile GL890 from Polyco is a powder free non-sterile nitrile examination glove that has an AQL rating of 1.5 and is compliant to European Standard EN374 and Medical Standard EN455 Class I.

The high quality nitrile synthetic rubber that is used to manufacture the GL890 contains none of the proteins that are present in natural rubber eliminating protein sensitisation, and is powder free reducing the risk of product contamination. With textured fingertips for improved grip, it is extremely soft and pliable yet still maintains a tensile strength that is comparable to natural rubber. It also has a beaded cuff providing additional strength and prevention of liquid roll back.
