

Finite Green PF™

A tough nitrile glove with a great touch at a fraction of the cost

Finite Green PF™ from Polyco is an exceptionally comfortable nitrile disposable glove, offering assured strength in general purpose applications.

This powder free nitrile rubber glove offers better puncture and abrasion resistance than natural rubber or vinyl. The soft elastic material feels cooler, is flexible and is extremely comfortable to wear. Latex and powder free, it reduces the risk of allergy and product contamination. The Finite Green PF™ is also food approved allowing use for food preparation or in environments where food is present. Offering excellent wet and dry grip, this glove performs well in a variety of applications, including the automotive industry, laboratories, chemical environments and assembly.

Case Quantity
100 gloves per polybag
10 dispensers per case

Handling Applications

- Food Processing
- Laboratory
- Electronics
- Schools
- Assembly
