

Bodyguards® Blue Nitrile 30cm GL891

A soft and flexible nitrile disposable glove

Bodyguards® Blue Nitrile 30cm GL891 from Polyco is a powder free non-sterile nitrile examination glove that has an AQL rating of 1.5 and is compliant to Medical Standard EN455 Class I.

The high quality nitrile synthetic rubber that is used to manufacture the GL891 contains none of the proteins that are present in natural rubber eliminating protein sensitisation, and is powder free reducing the risk of product contamination. With textured fingertips for improved grip, it is extremely soft and pliable yet still maintains a tensile strength that is comparable to natural rubber. The long 30cm cuff provides additional protection and the cuff is beaded, enhancing the strength and preventing liquid roll back.

Case Quantity

100 gloves per dispenser
10 dispensers per case
