Segre P3 V

# Cleaning the air you breathe

CN disposable masks effectively reduce the risk of inhaling hazardous particles that can weaken your health.

The CN P3 V have excellent results in all tests, they will fit into your pocket with no risk of getting flattened, are easy to put on and adjust, are comfortable to wear and are made to help you protect your health.

## CN P3

**CN P3** is the most effective CN mask. It protects against fine dry and liquid-borne health hazardous particles such as bacteria, viruses and moderately radioactive dust.

NOMINAL PROTECTION FACTOR 50  
ASSIGNED PROTECTION FACTOR 20  
15 masks / dispenser box, 10 dispenser boxes / transport case

## CN P3 V

**CN P3 V** is the most effective CN mask. It is fitted with a valve that reduces temperature, condensation and moisture build-up and it protects against fine dry and liquid-borne health hazardous particles such as bacteria, viruses and moderately radioactive dust.
